

GTN LAC Trade Leads for Oct. 4 – Oct. 18

RFQ NAME: Investment in New Age Eco-tourism Resort in Jamaica

SECTOR: Environment & Energy Technology

DATE APPROVED: 10/4/02

RFQ NUMBER: RJM20021004602

DESCRIPTION:

A Jamaican company seeks to attract the interest of local or overseas investors willing to inject equity capital amounting to 1 million US dollars (\$1,000,000) to complete an environmentally sustainable tourism project in the parish of Port-Antonio in Jamaica.

The funds will be used to complete the construction of the Villas, procure equipment and services, and install fixtures e.g. solar water heaters and crop dryers and to fully furnish the cottages after they are completed.

The purpose of the venture will be essentially to attract investors that will want to take an equity position in the project. The principal investors are hoping to share the running of the business with an investor that will be willing to invest the required capital stated above and want to pursue this opportunity on the basis of establishing a joint-venture partnership with the principal investors.

The company will provide a detailed business plan upon the request of interested and qualified parties.
